supplies for curriculum activities. Communicate with teachers and parents to ensure reinforcement of concepts. Conduct program evaluation and assist with evaluation reports to board of directors of funding foundation.

- 2004 – 2011 Associate Professor Adjunct Faculty J. S. Reynolds Community College  
Richmond, Virginia**
- Instructor is responsible for teaching entry-level, preparatory, prerequisite and re-certification courses primarily for human services, nursing and allied health students. Students learn fundamentals as well as refresher principles that will enable growth and confidence as they continue taking courses in the human services, nursing and health programs. Classes include math (drug dosage and calculation), science (anatomy and physiology), health (safety and nutrition education), verbal (medical terminology) as well as clinical skills in nursing home facilities. Students are high school and adult persons.
- 2004 – 2005 Director/Pastoral Leader African American Christian Training School  
Richmond, Virginia**
- This position reports to the Executive Director/Minister. In this position, the director establishes curriculum and courses, recruit instructors and markets program to increase participation of students. The director works with a team to effectively and efficiently work within a budget and evaluate success of programs. On-going collaborations are sought to continue to ensure quality and availability of programming reflective of community and student needs.
- 2004 – 2005 AmeriCorps Volunteer Member Baptist General Convention of Virginia  
Richmond, Virginia**
- AmeriCorps is in partnership with BGC for the SPICES for Life program—a holistic health initiative targeted for areas around the state with the highest health disparities. AmeriCorps is a domestic Peace Corps program designed to provide services to underserved populations. The acronym SPICES stands for spiritual, physical, intellectual, cognitive, emotional and social health. The role of the volunteer member is to act as a liaison to strengthen access to resources in local communities. In addition, to provide training to volunteers at area churches to learn holistic health practices. This framework is designed to encourage the adoption of healthier lifestyles by using existing or creating health resources in the community for support in sustaining holistic health goals.
- 2003-2007 Lab Assistant/Tutor J. S. Reynolds Community College  
Richmond, Virginia**
- This position provides academic support through tutoring, teaching and advising adult and high school practical nursing students. Also, procurement accountability by preparation and maintenance of laboratory items to include materials, booklets and supplies. Other duties include presenting opportunities to strengthen academic, testing and clinical skills and addressing the needs of students with disabilities.
- 2002-2003 Director of Patient Services Planned Parenthood of the Blue Ridge, Inc.  
Roanoke, Virginia**
- This is a regional director position for the localities of Charlottesville, Roanoke, Lynchburg, and Blacksburg. The DPS reports to the CEO and oversees an annual budget in excess of \$200,000. It requires leadership and supervision of more than 30 employees including 5 regional center managers. Administrative functions include and implementation and documentation of all clinical practices and procedures; training, guidance on current medical information, multicultural sensitivity, as well as compliance of OSHA, CLIA and HIPAA regulations. In addition, respond to board of visitors and constituents in regard to any inconsistencies in staffing, budget or legal issues concerning

the controversial nature of family planning topics. Other duties included serving as HIPAA Officer for organization.

**2001-2002 Graduate Assistant/Academic Support Virginia Tech Blacksburg, VA**

This position provides exposure and training in varied academic support services. This position includes serving as an academic advisor in University Studies for undergraduate students with undeclared majors; provides guidance to assist students with special needs. Facilitates academic probation programs with the Dean of Students as well as with peer facilitators; co-facilitating mentor retention programs with the Director of the Center for Academic Enrichment and Excellence to increase minority graduates at Virginia Tech.

**2000-2001 Graduate Assistant/Graduate School Virginia Tech Blacksburg, VA**

This position provides exposure and training in processing graduate applications and assisting in placement of externships for students. Also, proper evaluation of international applicants in scoring of Test of English at a Foreign Language (TOEFL) scores. Lastly, assisting in the creation of acceptance letters, notification of funding for assistanceships, or paid externships and clarification of sites for completion of TOEFL examinations.

**1997-2000 Director of Health Ministry Baptist General Convention of Virginia, Richmond, Virginia**

This is a state-level administrative position that reports to the CEO (Executive Minister). The Health Director is responsible for supervising and training 12 regional trainers from across the state. Part of this position included writing and implementing a \$50,000 VDH Cardiovascular Disease grant. This required providing all required monthly, quarterly and annual reports. Program served as a model for other entities and was published and presented at national and international health conferences. Collaborative efforts were established and maintained with non-profit health organizations, academia, hospital affiliates, retirement as well as faith-based communities. In addition, position required creating, training and evaluation of aerobic and nutrition courses in 8-week intervals.
